#### AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as with entries in the books of records. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements and submitted by depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

#### Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased by \$2,699.74, from \$23,936.65 to \$21,236.91 in 1968, as shown herewith:

	Dec. 31, 1967	Dec. 31, 1968
Total Assets	\$80,416 38	\$65,753 17
Current Liabilities	56,479 73	44,516 26
	-----	-----
Current Surplus	\$23,936 65	\$21,236 91

#### Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extended our thanks to the officials of the Town of Harrisville for their assistance during the course of the audit.

**REPORT OF HARRISVILLE FIRE DEPARTMENT**

The Harrisville-Chesham Fire Department answered 25 calls for the past year: 4 house fires; 2 chimney fires; 5 truck and car fires; 1 furnace fire; 5 brush and grass fires; 1 electrical fire; 3 dump fires; 1 resuscitator call; 1 mutual aid for cover truck and 2 false alarms. This represents an increase of almost double the calls for previous years, however, the actual loss was very low.

I wish to thank the men who take an active part in the department, for their fine cooperation, also thanks to the selectmen and firewards for the cooperation they have given me.

## REPORT OF HARRISVILLE LIBRARY TRUSTEES

The resignation of Sandra Harlow as a library trustee was accepted with regret. She has contributed many hours typing hundreds of cards to set up the new cataloguing system. We are pleased with the selectmen's appointment of Jane Dunn to fill out the unexpired term.

The Library has been able to expand its services again this year by enlarging its collection of books and increasing the hours the library is open to two hours each on three days. Our Librarian, Mrs. Bergeron is continually adding to her knowledge of library techniques through courses she has taken and meetings she attends. We again wish to express our gratitude to her for the time she devotes to the library and interest she takes in helping the library users.

We wish also to thank the people in town who continue to give periodicals and books to the library. We also want to thank the Hancock Public Library personnel for giving so many of their duplicate books to Harrisville.

The trustees have devoted much time this year to raising funds for the restoration of the Harrisville Vestry into a new town library. We feel inspired in this work by the ever increasing demand for learning and knowledge among our young people. Because they have to take the bus home right after school, our library is the only one available to them. The town offers little in the way of public buildings so we look forward to the new library as a cultural center for the exchange of ideas. It will be more than a place to house books. It will give space for exhibits of art, a record collection and films. In the coming electronic age the library will be the source of new devices for learning — the information center of the town in a complex, changing world.

**LIBRARIAN'S REPORT**

With the feeling that the citizens of Harrisville should be informed as to what is going on in the Library, I submit the following report.

The general progress in the Library in 1968 has been "on the up." First, the circulation of Adult fiction and non-fiction in 1967 was 1,347 and 2,815 in 1968. This shows that reference materials were in greater demand and Adult reading increased. The children's fiction and non-fiction also rose from 1,493 in 1967 to 2,755 in 1968. Here again the increase in patronage is the answer. It is so gratifying to see the number of little children, accompanied by a parent, who come regularly. Some of these groups take as many as twenty books at a time and is a boost to the reading habits of the future. General patronage also showed an increase, particularly with our summer friends. This we like to see as it is one outlet for getting a return for the taxes they pay. This added demand for materials was helped, in a great measure, by the \$100 State Aid money, given for Reference Books; the 1,568 books from the Bookmobile on its four visits, plus the 15 special books directly from the State Library in Concord, which were requested for particular cases. Many requests for books were made during the year and an effort to fulfill these requests was always made and carried out, through the District Office in Keene, in most cases.

The "Up" in added books is as follows: 15 Reference Books from the State Aid grant; 16 new Children's books plus the whole series of 27 Beatrice Potter Books (which are very popular); and 60 new adult books which include a number of Classics needed for school assignments, all purchased with appropriated funds. To these, we may add 215 books, some current new, and others which are not new, but very usable and fill a need. They come under both fiction and non-fiction and were donated by kind friends of the library. Also, through a donation, we purchased six late fiction. Our sincere thanks to these most thoughtful people. With "fine money," six more current fiction were purchased at sale prices as it is necessary to keep up on current fiction for our patrons. Our last purchases with fine money were made for — Historic Homes of Cheshire County and Colour of Canada, both books that stay. Also, we have acquired the History of Nelson and Upper Ashuelot (Keene History) with town funds and Picasso and American Heritage Books, for the year from friends.

The magazine circulation for 1968 was 368, which

involved a supply which could be used for school assignments and adult use. Many people have been kind enough to help by giving their magazines at the time needed. In this way, the demand could be satisfied and cost to the library lessened.

Two more hours added to the existing hours and Friday seemed the best day which would enable students to obtain material for weekend assignments. This brings the total number of hours to six, which is the average with towns of comparable population.

During the past year, the State Library Commission offered, at its own expense, two courses for Librarians — Public Library Techniques and Cataloging and Classifications. Each was a 25 hour course and I was able to attend both. As cataloging is an important part of Library work, it seems very necessary to have some knowledge in that area. Every non-fiction book has to be classified and cataloged, so the course was valuable to me. A Spring and Fall Workshop were offered in the use of Reference Materials and was beneficial to all the Librarians, as was the Workshop on Bookmending. In order for Librarians to know about new books, five book meetings are offered each year and I was able to attend three. As town delegate to the Advisory Council, which deals with all library problems within the State, I attended the four meetings for the year.

The present Library hours may be found on the Library door. They are:

Monday — 6:00 - 8:00 P.M.

Wednesday — 3:00 - 5:00 P.M.

Friday — 4:00 - 6:00 P.M.

Please join us — you are most welcome.

## LIBRARY BUILDING COMMITTEE REPORT

At last year's town meeting a committee was appointed to restore the Vestry Building as a Town Library. The Town accepted a gift of \$1,000.00 donated by Ewen MacVeagh to get the project started and further appropriated \$1,000.00 to add to this fund.

Soon after the March meeting, being advised that Federal Funds were available under the Library Services and Construction Act, the committee was glad to get State Librarian, Emil W. Allen, Jr., down to look over the building. He was most encouraging and while not able to promise aid he said that it was likely that 40% of the total cost would be paid by the Federal Government if we meet the requirements which are roughly that the project must hire an architect and pay the Federal or minimum wage whichever is higher. No funds are allocated until plans are completed and town funds appropriated.

The committee engaged the services of Gordon Sherman of the firm of Monadnock Associates of Peterborough, N. H., a resident of the town who had kindly donated his time to look into the building and advise the Trustees that it was suitable for a Library.

Mr. Sherman went over the building several times with consulting engineers but it was finally decided that the true condition of the foundation and the best possible floor system could not be determined until the inside of the building had been stripped and exposed. James Haddock of Dublin was hired to do this work at a cost of \$450.00.

It was then possible to make a thorough inspection of the existing foundations by boat! Extensive borings of the area under the building were taken.

Two separate Engineering Firms, R. R. Pestowsky, P. E. of Manchester and Arthur Rose of Golberg Assoc., also of Manchester, gave reports that came as a severe blow to the Committee. The foundation which it had been hoped was in "fair" condition was pronounced to be in a bad state of decay — apt to collapse at any time! It is estimated that the rebuilding of the foundation and a new floor frame will cost around \$8,000.00!

Even though this is almost as much as we originally envisioned as the entire cost of the job — the committee feels grateful that the project was adopted—otherwise this unique architectural landmark might have tumbled into the lake beyond repair.

Being advised by the Selectmen that the \$10,000.00 we are asking the town to raise over the next five years was the most they would recommend, the Committee launched a fund raising campaign with the gratifying results listed below with some quotes from the donor's letters.

Ewen MacVeagh	\$1,000 00
Esther Baldwin	1,000 00
" in memory of my husband,	
Charles C. Baldwin"	
Town of Harrisville	1,000 00
Putnam Fund	1,000 00
Lions Club	500 00
Rathburn Memorial Fund	200 00
George Stewart	25 00
Elizabeth Partridge	10 00
Dr. D. Harken	100 00
"in memory of Margaret E. Eustis"	
Cogswell Benevolent Trust	500 00
W. Wells, Jr.	100 00
Mary B. Russell	100 00
Frances Rathburn	250 00
Charles J. Alexander, Jr.	500 00
Mrs. Lucius Thayer	500 00
Kingsbury Fund	250 00

Our first visit to a neighboring Library for ideas and advise was naturally to Marlboro and Corrine Nash where they had just completed a similar Library renovation. Mrs. Nash sternly warned us to get the project launched without delay due to the fact that building and furnishing costs rise at the rate of almost 20% per year. We were more than willing to take her advice but the Selectmen flatly refused to do more than appropriate the \$1,000.-00 last year due to the cost of the new fire engine, but promised to put an article in this year's warrant. Having received our Architect's figures of the estimated cost, we now appreciate the rightness of Mrs. Nash's advice. Everything has gone up so much, that with the \$8,000.00 for the foundation and the minimum wage rates required to qualify for Federal Aid, that the estimated total cost is now \$27,000.00.

So here is the present picture — Certainly the dual object of restoration of this valuable building and a much needed new library is appealing and worthy of the help of public spirited individuals and foundations. For this reason your committee feels certain that current efforts to raise funds will yield the balance and even hopes to reduce the town's share if our returns exceed this amount.

It is further noted that if this area of Harrisville is declared an Historic District, as we hope it will be, the future of the Vestry is secure.

#### REPORT OF ROAD AGENT

The year of 1968 was one of hard luck for the highway department. We had breakage on the truck and grader. By the way, the grader is getting old and tired. The truck was repaired by installing a rebuilt motor, rear end and transmission. It should go another year.

We helped finish the TRA on the Bonds Corner Road. This year we cut brush on the Seaver Road, MacVeagh Road and Willard Hill. Also the bridge at Russell Reservoir was finished and the wooden bridge on the Sargent Camp Road was replaced by a 6½ foot culvert. We used five hundred and eighty-three yards of gravel, also at Russell Reservoir five hundred and seven yards. During the year of 1968 the town used four thousand one hundred and thirty-four yards of gravel and seven hundred and six yards of sand, not including the TRA.

Respectfully submitted,

## ADMINISTRATIVE REPORT

To The School Board and Citizens of Harrisville:

The second year of Harrisville's association with Supervisory Union 29 is well past the half-way mark. We feel that certain steps taken have improved the situation.

Our staff includes several new persons this year: Eli Mercer, principal; Dorothy FitzGerald, nurse; Larry Stone, music teacher; Tom Wentzell, teacher aide; and Mr. Packard, custodian. These people, together with Mrs. Bosworth, Mrs. Capron, and Mrs. Hewitt, have done a very good job of making the educational process more interesting and more meaningful.

The three rooms contain somewhat different grades than in the past. This regrouping was done mainly to balance the number of children assigned to any one room.

New math workbooks are in use for the first time this year in grades one and two, and new English books in grades one through four. Updating materials is a constant and costly endeavor, but one which is very necessary. The coming year's budget includes funds to continue this process.

During the Christmas holidays the boys and girls toilet rooms and the office were painted. This project will, also, be continued in the summer of 1969 when outside painting is planned.

Some unexpected problems with the heating system and the well prevented us from accomplishing as much painting as we had hoped.

The State Board of Education will be asked this summer to approve "Minimum Standards for Elementary Schools." Some of the recommendations are: a kindergarten, a full time nurse, full time guidance person, a library of 7,500 square feet, and many others.

Local property taxpayers have been bending over backwards for years in this state to support all local services with local funds, and deserve much praise and thanks for doing as well as they have. Most of the budget, probably seventy-five percent, is set for us before the school board ever reviews it. The board has no control over such items as transportation, tuition, retirement, social security, heat, lights, supervisory union expenses, and insurance. This leaves only those items such as salaries, library books, scholars supplies, and equipment — those areas which most directly affect education — for close scrutiny of those who must watch the pocketbook. This is most unfortunate, since most people are very will-

ing to recognize the need for these expenses, but feel unable to support them locally. May we urge you to plead for assistance from the State together with us. While the total budget is increasing \$13,725.00 — one item, tuition, accounts for more than \$6,300 of the total increase. Reduced revenue accounts for \$1,100 more, maintenance of plant for \$1,900, and Camp Union again next year for \$600. These four items cause an increase of \$9,900.

All of us in the Supervisory Union office genuinely feel that Harrisville is a fine place in which to work and that it does have a good school. Our thanks to the citizens, staff, and school board for their cooperation and support.

John W. Day
